

CF 150 ML Tripod, Carbon Fiber

Long proven carbon fiber tripods from Sachtler

As the first manufacturer of tripods worldwide, Sachtler introduced the use of carbon fiber materials as early as the 1970s. Carbon fiber (CF) tripods offer users considerable advantages. They are light and robust, and comfortable to use even in extreme temperatures. A special quality of carbon fiber is that it does not dent or corrode. Our ergonomically designed tripods ensure maximum speed during set-up and dismantling and offer maximum safety.
