

## Cine 7+7 HD Fluid head

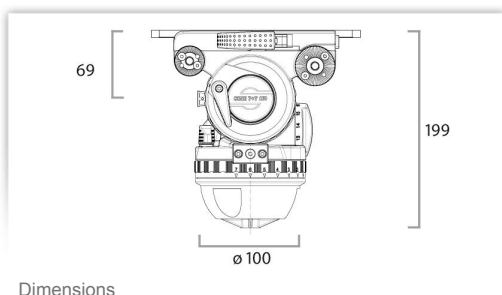

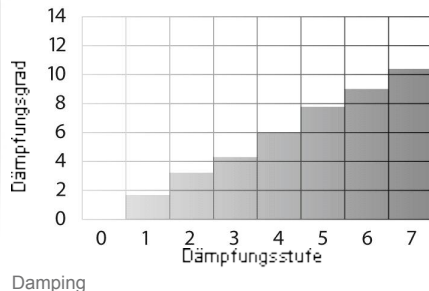

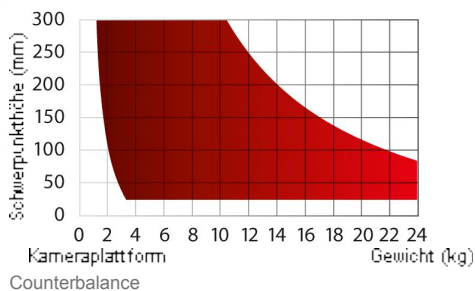

### 100mm head with cine features

With a payload of 2 to 22 kg (4 to 48 lbs), the fluid head Cine 7+7 HD is suitable for many HDV, HD and film production requirements. The new Cine 7+7 HD fluid head is equipped with a side-load clamp for the camera plate. The 150mm long sliding range of the camera plate offers the advantage of an easy, lateral loading of the fluid head with the pre-mounted camera set-up. The 16-step counterbalance guarantees fast balancing of the camera system. Additionally, the payload can be switched between „High“ and „Low“ with the Boost Button. Seven each horizontal and vertical adjustable grades of drag (+0) ensure jerk-free tilts.

### Technical Facts

Weight	3.3 kg / 7.3 lbs
