# sachtler

#### Reporter 300H

Mains-operated luminaire with handle including integrated camera mount

The Reporter 300H, which is barely larger than the R100H, is ideal for on-camera, hand-held or on-stand use. A complete set includes three luminaires, corresponding stands, diffusers and filters for scene or interview illumination. Need to change a bulb? You can rely on outstanding light distribution, even if you insert 200 W or 150 W bulbs into your Reporter 300H.

### **Technical Facts**
